Colours

Calvin Harris

Yeah
Uh, uh, ahNow I don't care what you dress like or what you wear
But please make sure baby, you've got some colours in there
Now it's all very well stepping out in black and white
But you're no girlfriend of mine if you're doing that rightNow I don't care what you dress like or what you wear
But please make sure baby, you've got some colours in there
Now it's all very well stepping out in black and white
But you're no girlfriend of mine if you're doing that rightGet some colours on
Get some colours onNow I don't care what you dress like or what you wear
But please make sure baby, you've got some colours in there
Now it's all very well stepping out in black and white
But you're no girlfriend of mine if you're doing that rightGet some colours on
Get some colours on
Get some colours on
Get some colours onYeah
Uh, uh, ah
