

# Monstermind

## Bloodbound

I see a face in the wake of night  
A dead man walking I'm in his sight  
It's getting closer a violent game  
Of flesh and bones in a burning flame  
Lifeless eyes of an evil spell  
Fire, let me take you to hell  
Close your eyes get out of his mind  
Mesmerized in darkness you're blind  
Save yourself give in to your fear  
Kill him now the dawning is near  
All you will find  
In the monstermind  
My life is made out of broken dreams  
A dark road paved with the silent screams  
I crash and burn at the speed of light  
I'm paralyzed I can't win this fight  
Lifeless eyes of an evil spell  
Fire, let me take you to hell  
Close your eyes get out of his mind  
Mesmerized in darkness you're blind  
Save yourself give in to you're fear  
Kill him now the dawning is near  
All you will find  
In the monstermind  
Close your eyes get out of his mind  
Mesmerized in darkness you're blind  
Save yourself give in to you're fear  
Kill him now the dawning is near  
All you will find  
All you will find  
In the monstermind
