Take Me Away

Saron Gas

As beautiful as fire,
Against the evening sky.
You fuel the lost desire,
I no longer wanna die.

Take me by the hand,
And see beyond the lies.
Strip away the fences,
Leave me needing, leave me high.

I know,
You're so,
So low,
But I can't.

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
Cuz I don't wanna lose control.

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
Cuz I don't wanna lose it all.

Relieved of all the pain,
You let me see again.
Delievered from my shame now,
And I am lost for what to say.

Cleansed, and pure, and weak,
I suffer when I dream.
I need to find a purpose,
I need to feel you needing me.

I know,
You're so,
So low,
But I can't.

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
Cuz I don't wanna lose control.

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
Cuz I don't wanna lose it all.

Pure and weak,
I suffer when I dream.
Cleansed of me,
I suffer when I dream.

I want you to stay,
You take the pain away, yeah,
Want you to stay,
I need you here to keep me sane.

I want you to stay,
You take the pain away, yeah,
Want you to stay...

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
I don't wanna lose control.

Take me away, yeah,
Take me away, yeah,
Take me away, yeah,
I don't wanna lose it all.

I want you to stay,
You take the pain away, yeah,
Want you to stay,
I need you here to keep me sane.

Want you to stay,
You take the pain away, yeah,
I want you to stay,
I need you here to keep me sane.
