

One Way Ticket

Cyrille Aimee

Smooth road,
Falling asleep on my babys shoulder,

Mmmmmmm

Rough bench,
And im holding on a little stronger,

Mmmmmmmmm

Im moving a million miles per hour,
And the wind in my hair feels like a shower,
Were moving a million miles together,
And i wish that this train could last forever,

One way ticket to somewhere,
And its a crazy bumpy ride
Well figure it out when we get there,
As long as were side by side,

One way ticket to somewhere,
And its a crazy bumpy ride,
Well figure it out when we get there,
I kind hope we never get there,

I kinda hope,
i kinda hope,
i kinda hope,
I kinda hope we never get there,

I kinda hope,
I kinda hope,
I kinda hope,
I kinda hope we never get there,

Sometimes,
you know it gets a little scary,
And my heart races,

But i,

I really love the change of scenery,
Its just one of these places,

Going a million miles an hour,
And the wind in my hair feels like a shower,
Were moving a million miles together,
And i wish that this train would last forever,

One way ticket to somewhere,
And its a crazy bumpy ride,
Well figure it out when we get there,
I kinda hope we never get there,

I kinda hope,
I kinda hope,
I kinda hope,
I kinda hope we never get there,

I kinda hope,
I kinda hope,
I kinda hope,
I kinda hope we never get there,

I kinda hope
We
Never
Never never never
Never never get there

I kinda hope we never get there
I kinda hope hope hope

I kinda hope we never
Never never get there
I kinda hope we never
Never never get there

scatting

One way ticket to somewhere,
And its a crazy bumpy ride
Well figure it our when we get there
As long as were side by side

One way ticket to somewhere
And its a crazy bumpy ride

Well figure it out when we get there
I kinda hope we never get there
