Real People

Most High Jah, Rastafari!
We love Jah so!
Yeah! Hear me now

Real people do real things
We don't go around killing others and steal things
Clean people do clean things
Love is the way of life
Real people do real things
All the militancy and the prophecy reveal things
Real people do real things
Love alone heal things and seal things

We got to care for those who don't have it
Share the food and clothes and a just same, so me trod it
Burn out corruption and all who back stab it
Keep looking out for the poor and the addicts yes!
We've been doing it from ages bless!
Those who had overcome the rages
Been through the stage, know what the phase is
No matter what we show love and give Selassie praises

Real people do real things
We don't go around killing other and steal things
Real people do real things
Love is the way of life
Clean people do clean things
Hail Selassie I and HIM black supreme things
Real people do real things
Love alone heal things and seal things

For those children who got no food tonight
Not laying beneath a roof tonight
I pray someone would find you all and treat you right
Ooh Should I go to school? Yes it suit you right
Come on its love don't fight
Be conscious in yourselves keep shining your light

Do onto others as you do onto yourselves despite hate

Real people do real things
We don't go around killing other and steal things
Real people do real things
Love is the way of life
Real people do real things
Work for what you want me play the music what a feelings
Real people do real things oh yah
Real people do real things
