

# Just My Luck

## The Deele

So many times you said we'd be together  
What does it take to get you close to me?  
So many times you said things would get better  
But time after time you failed to convince me  
And now you're tellin' me it's all in the past  
How can you be sure it's gonna last?  
Say you wanna be with me  
And that you're comin' to me right now  
I want to believe, I need to believe  
I almost think I can believe  
Just my luck, you'll get caught up in the rain  
That's the last time that you'll come my way again  
Just my luck, you get caught up in the rain  
But that's the last time that you'll come my way again  
So many times you said that you would never  
Never take your love away from me  
But girl, you know sometimes you're like the weather  
You brighten my day and then you rain on me  
And now you're tellin' me it's all in the past  
How can you be sure it's gonna last?  
Say you gonna be with me  
And that you're comin' to me right now  
I want to believe, I need to believe  
I almost think I can believe you  
Just my luck, you get caught up in the rain  
But that's the last time that you'll come my way again  
Just my luck, you get caught up in the rain  
But that's the last time that you'll come my way again  
Just my luck, you get caught up in the rain  
But that's the last time that you'll come my way again  
Just my luck, just my luck  
But that's the last time that you'll come my way again  
Say it again one more time  
That's the last time that you'll come my  
You get caught up in the rain  
But that's the last time that you'll come my way again
