We Are Leaving

The Naked and Famous

Cover up your shaky hands
I hear that you're doing well
Back again for long this time?
Looks like they put you all through hellBut you seem to be coping fineTrust me the stress will pass with timeAnd you'll be back around again
Yes you'll be back againI don't mean to make you curse
But it could have been much worse
And as far as I can tell
It seems that you're doing wellCome quick, things worth seeing
Life-sick, we are leaving
Time-framed, changing season
Same-same, we are leavingAnd I bet you constantly ask
How did we get here so fast
Cause I have been there once before
And all the dates they made me rawWait and weight, it's all the same
Sinking underneath the waves
Hell it couldn't be much worse
Than diving in head firstAnd I don't mean to make you curse
But it could have been much worse
And as far as I can tell
It seems that you're doing wellCome quick, things worth seeingLife-sick, we are leavingTime-framed, changing seasonSame-same, we are leaving
