Hangin' On a String

Loose Ends

I waited oh so long, for you to come to me
What did I do wrong, It's all a mystery to me

Baby I feel it to, what am I suppose to do
Maybe I just changed, how could I be wrong for you

You...You got me hangin' on a string now
(I'm not a play thing)
You... You got me hangin' on a string now
(am I your play thing)
You... You got me hangin' on a string now
You never told me you were waiting, contemplating
(with my heart, with my love)
You never told me you were waiting, contemplating
(with my heart)

Do you mean to say, that after all this time
I waited like a fool, now who's been changin' you

You... You got me hangin' on a string now
(I'm not your play thing)
You... You got me hangin' on a string now
(I ain't no plaything)
You... You got me hangin' on a string now
You never told me you were waiting, contemplating
You never told me you were waithing, contemplating
(come on child, take me by the hand)

You ...You got me hangin' on a strirng now
(I'm not no plaything)
