I Hope You Want Me Too

The Mavericks

I'm contemplating, constantly debating
Yeah, I'm thinking I've been falling in love with you
I hope you want me too
You're incredible, so irresistible
It's undeniable, I'm really fallin' in love with you
I hope you want me too, I hope you want me too
Caught my attention then you grabbed my heart
I felt your good vibrations right from the start
I can't seem to bring myself to say
I'm contemplating, constantly debating
Yeah, I'm thinking I've been falling in love with you
I hope you want me too
You're incredible, so irresistible
It's undeniable, I'm really fallin' in love with you
I hope you want me too, I hope you want me too
No, I don't wanna move too fast
I wanna make sure that it's gonna last
But I've been afraid to tell you
I'm contemplating, constantly debating

I've been thinking I've been falling in love with you
I hope you want me too
You're incredible, so irresistible
It's undeniable, I'm really fallin' in love with you
I hope you want me too, I hope you want me too
No, I don't wanna move too fast
I wanna make sure that it's gonna last
I've been afraid to tell you
I'm contemplating, constantly debating
Yeah, I'm thinking I've been falling in love with you
I hope you want me too
You're incredible, so irresistible
It's undeniable, I'm really fallin' in love with you
I hope you want me too, I hope you want me too
I hope you want me too, I hope you want me too
I hope you want me too, I hope you want me too
I hope you want me too, I hope you want me too
I hope you want me too, I hope you want me too
