Keep Never Changing

The Movielife

"Keep Never Changing"So many questions asked of me
All the same answers that I've always given
It's still the same to me.
So many predictions of my fate
Don't concern yourself with it, it's not for you,
It was never for you to sayNot saying it's right, not saying it's wrong
It's just the way I chose to go, not saying it's wrong
Now I sit back and think about the last ten years
I think I finally figured it out. I figured it out.
It's what's in front of me.So I'll just go on being me
Won't be hard I'll just stay on the path I chose
There's no reason that I can't keep on keeping on.
Don't concern yourself with it it's not for you.
It was never for you to sayNot saying it's right, not saying it's wrong
It's just the way I chose to go, not saying it's wrong.
Now I sit back and think about the last ten years
I think I finally figured it out.
When I decided to keep my windshield clean
So that I can see what's in front of meEntertain too many distractions and vices already
I feel my blood is running cold.
Free up my soul for other things to come
Not get distracted by themEntertain too many
(Free up my soul)
Entertain too many
(Free up my soul...)
