

If I Was Your Girlfriend

Olivia

Da da da da da da da da da da da da

If I was your girlfriend.

If I was your girlfriend.

So, boy you wanna leave your girl cause you want me to be your girl.

So I just laugh out loud I said I hope you can handle what I can do for you, let me break it down. If you were my boyfriend you would never have to mess around cuz you would be satisfied with the love that I'm putting down.

If you were my boyfriend them boys would be so envious, it would be so fabulous, if I was your girl. (Chorus:)

If I was your girlfriend, you'd get what your lookin' for.

If I was your girlfriend, all the girls would want you more.

If I was your girlfriend, I would love to love you boy.

If I was your girlfriend, you would never need another. That's right talkin' all that stuff, I'm the one that you want so much.

I know how to cater to you come here boy let me sock it to you.

I want you to know that I'm feeling you too.

Make a boyfriend out of you.

Let me upgrade your boom. If you were my boyfriend, I would make you feel secure.

All them boys can talk to me, I'ma tell them that I'm all yours.

If you were my boyfriend, them boys would be so envious. It would be so fabulous if I was your girl. (Chorus:)

If I was your girlfriend, you'd get what your lookin' for.

If I was your girlfriend, all the girls would want you more.

If I was your girlfriend, I would love to love you boy.

If I was your girlfriend, you would never need another. I'd be all you want, and all you need cuz what I've got it satisfies you gaurentee. If I was your girlfriend then I would be your one and only. I want you to see that, I want you to know that I could be the one that you call your girl, boy if you think you're ready. I'm not the average

girl, but I'm sure you would like to know, that I would be (Chorus:)

If I was your girlfriend, you'd get what your lookin' for.

If I was your girlfriend, all the girls would want you more.
