Fade Out Lines - The Avener Rework

The Avener & Phoebe Killdeer

Deeper downIt's everywhere I look
From Las Vegas to right here
Under your dresser
Right by your ear
It's creeping in sweetly
It's definitely here
There's nothing more deadly
Than slow growing fear
Life was full and fruitful
And you could take a real bite
The juice pouring well over
Your skins delight
But the shadow it grows
And takes the depth away
Leaving broken down pieces
To this priceless ballet
The shallower it grows
The shallower it grows
The fainter we go
Into the fade out line
The shallower it grows
The shallower it grows
The fainter we go
Into the fade out lineDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking its last couple of tocks
And there won't be a party with weathering frocks
The shallower it grows
The shallower it grows
The fainter we go
Into the fade out line
The shallower it grows
The shallower it grows
The fainter we go
Into the fade out lineHeading deeper down
We're sliding without noticing
Our own decline

Heading deeper down
We're hanging onto
Sweet nothings left behind
Deeper down
Deeper down
Deeper down
Deeper down
Down deeper down yeahDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking its last couple of tocks
And there won't be a party with weathering frocksDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking its last couple of tocks
And there won't be a party with weathering frocksThe shallower it grows
The shallower it grows
The fainter we go
Into the fade out line
The shallower it grows
The shallower it grows
The fainter we go
Into the fade out lineWe are all plunging straight towards our own decline
Without noticing
We slide
Down
Deeper down
The shadow grows without ever slowing down
We are heading straight
Into the fade out line
Deeper down
