# Out!

## The Orphans

Receive me - unleash meI crave the morning quickly come
I get down on my knees and pray
And hope the dawning pulls me right out (right out) of my dreamYou walk right by my window
Everyday I can feel you so near
When will you come to get me out (get me out) of my fearWould you unind me?
If you'd finally find meI am tied to the ground.
Ready to be unbound.
Would you break me out and
Would you help me to get out get out? Pull me out!Each day a new tomorrow
And I long for the same old aim
I'm bound in bitter sorrow - I know, I want out, but I can'tWould you unleash me?
If you'd perceive meI am tied to the ground.
Ready to be unbound
Would you breake me out and
Would you help me to get out get out?I am tied to the ground.
Ready to be unbound
Would you breake me out and
Would you help me to get out get out? Pull me out!Get me out - please hear my prayer
Do you think it'll go that way?
I get down on my knees and pray
Do you think it'll go that way?
I get down on my knees and prayI am tied to the ground.
Get me out just to dry my tears
Ready to be unbound
Yes I prayWould you break me out and
Would you help me to get out get out?
Pull me out!
