

# A Single Woman

[Nina Simone](#)

I live alone  
That hasn't always been easy to do  
For just a single woman  
Sometimes at night, the walls talk back to me  
They seem to say, "Wasn't yesterday a better day?" Always alone at home or in a crowd  
A single woman out on a private cloud  
Caught in a world few people understand  
I am what I am, only one single woman There was a time, I can't remember when  
The house was full of love  
But then again it might have been imaginations plan  
Just to help along, one single woman
