Broken

Kelly Rowland

Broken, broken
How could you leave me?
Broken, broken
I can say I erased you from my mind and never think of you
And forget about the friends we made if that's what I need to do
I can act like the only way that you exist is in a dream
It's the only out of my reality
I can change the channel every time my favorite show comes on
And get mad at the radio 'cause they just played your favorite song
I can find another guy and try to love you out of my life
But it just gets harder every time I try
Oh, that's why I'm broken
And it's hurting me boy 'cause you just left me broken
And because of you I don't know if I can love again
But I can't believe boy that this is the end
Be together once again 'cause boy I'm broken
Broken, broken
How could you leave me?
Broken, broken
I can take the pictures that we took and throw them all away
And every letter that you wrote boy I wanna forget what you had to say
'Cause I'll never understand what you did to me on that day
That's the only part I wish you could replace
Can't you see I'm broken?
And it's hurting me boy 'cause you just left me broken
And because of you I don't know if I can love again
But I can't believe boy that this is the end
Be together once again 'cause boy I'm broken
Oh, if I had a choice, baby you'd still be right here with me
And, if you give me a voice, baby I'd tell you I don't want you to leave
'Cause boy I'm broken
Broken, broken
How could you leave me?
Broken, broken
How could you leave me?
Oh can't you see I'm broken
And it's hurting me 'cause you just left me broken
And because of you I don't know if I can love again
I just can't believe that this is the end

Don't wanna feel this way again
I can find another man, I don't wanna be broken
