## Pharaon

Hey I can't be around here this year
Sometimes I'm so
This time I'm sorry
When she walks in my space
It's a reason I feel strange
All of these lovers making me nervous
Make like you don't mind
Reasons we don't connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare
Hey I won't be smiling inanely
Distance can mean so many things
Silence, I'm sorry
When she walks in my space
It's a reason I feel strange
All of these lovers making me nervous
Make like you don't mind
Reasons we don't connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare
When she walks in my space
It's a reason I feel strange
All of these lovers making me nervous
Make like you don't mind
Reasons we don't connect sometimes
You're not alone in lies this time
So I won't be there
It's just that I feel spare
