Lies

Korn

I like to search inside for the things that you will hide
What's the problem?
Can't you seem to
Search through these problems that haunt and taunt you?
I smile, while you're afraid
You run, while your soul pays
Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?
Do you ever see outside you fears?
Thinking about your life
Thinking about your inner fears?
I like to search inside for the things that you will hide
What's the problem?
Can't you seem to
Open your body and let me touch you?
Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?
Do you ever see outside your fears?
Thinking about your life

Thinking about your inner fears?
I want you to see, master of disguise
For all these things that hurt you, kept all these useless lies
I wanted you to fear, the you wound up inside
Once I took you in, I'll throw you out next time
I tried, you win
My life, is ripping your heart out and destroying my pain
Go
Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?
Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?
Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?

Do you ever see outside your fears?
Thinking about your life
Thinking about your inner fears?
