War Song

O.A.R.

Oh my God, tell me this won't last forever
Tell me that I'm not alone
Tell me this will come together nowPacked my things up just the other day
Said my goodbyes to all these things I've saved
Out in the driveway we laugh under the moon
Among my friends for now but I'll be leaving soonWell, many days from now I'm sure
I'll be back among your graces
And with you I won't pretend
No, not at all, ohCrack the morning, up and running quick
No sleep again last night, that's the way it is
Out in the open under broken skies
I feel every footstep, I see everybody's eyesOh, and this is summer in another world
Far from the driveway and my baby girl
Soon come the winter with it quiet nights
And darker days and darker fights, ohOh, many days from now I'm sure
I'll be back among your faces
And with you I won't pretend
No, not at allOh, the theater is burning
Over at midnight but never like this
Hot under the fire
The stars are all falling but never like this
No, I hope you never see thisWait, wait for my love
Don't forget me, never let me go
If you wait, wait for my love
I'll remember, never let you go
Until I'm fine, fine, fine
Until I'm fine, fine, fineTo be back in my room
I have the same dream every night
Just me among my things
No one else is there
There's no one left to fight
Just me among my thingsAnd many nights from now I know
I'll be back among your graces
Until then I'll just pretend
That I'm not coldOh my God, tell me this won't last forever
Tell me that I'm not alone
Tell me this will come together
Oh my God, you knowWait, wait for my love
Don't forget me, never let me down

And just wait, wait for my love
I'll remember every one of you
And just wait, wait for my love
Wait, wait for my love
Wait, wait for my loveUntil I'm fine, fine, fine
Until I'm fine, fine, fine
I'll be fine, fine, fine
I'll be fine, fine, fine
