

Earthlings

Haken

Glad to have you in the lights
Destroy all in night
My world takes all with [?]
Just settle up
(?)full of life,
Banging my life, burning to aches
Keep on too, lied it on sure
Hell I want to pries for all [?]
Watching my friends bleed
And brake down, I can't sleep
In night I find you, and got freedom
[?] I will fly,
Touch the sky, spas and get spash
Bugin in night, burning [?]
Keep it in time [?] all of the plane rushing me
Into this mixing all that(?)
[?] all on that place, fall on
Life endless paradise, beauty painted by [?]
Here on Earth treating ignorance
No do rock all for [?]
(?)
Life endless paradise, beauty painted by [?]
Here on Earth treating ignorance
No do rock all roast [?]
(?)
Life endless paradise, beauty painted by [?]
Here on Earth treating ignorance
No do rock all roast [?]
Open the door, open the door, open the door
