Strike (ft. Whitney Phillips)

Morgan Page

If you strike me down, I'll hold my ground.
If you strike me down, While you watch I never talk.
I break down like an olive watch.
Hide out like Im safe and sound.
I like seeing you better off now.
I saw the fire when you're driving, can't you see it come around.
Felt the danger in my lies when things started falling
down.
Ooooh will, I be tomorrow. Ooooh will, I be if I let
myself love, let this love, strike me down. Strike me down.
High hopes I'm holding up, if I fall I can save myself.
Let go, Ive had enough, better to, have loved then lost.
Saw the fire you're driving, did you see it come around.
Felt the danger in my eyes when rain started pouring down.
Ooooh will, I be tomorrow. Ooooh will I be if I let myself fall in love. Let this love, strike me down.
I will hold my ground. Strike me down. Strike me down.
Fire and Ice breaking the sky, wondering why I said goodbye.
For you decide, heart to the sky, ready for lightning to strike me twice.
Ooooh will, I be tomorrow. Ooooh will I be if I let myself fall in love.
Let this love strike me down. Strike me down, I hold my ground. If you strike me down, Ill hold my ground.
If you strike me down. Ill hold my ground. If you strike me down.
