

I Can't Believe

Joy Enriquez

You're all I've ever wanted
You're all I've ever dreamed
To have in my life
It feels so good, so rightOne day I just imagined
But how true love
Has taken control of me
Love has finally found meIt's you that came to me and made me see
That dreams could become true
Now that you're here with me
I've come to see that my dream was you
That my dream was you and I can't believe itI can't believe that you're here with me
Was it meant to be, is this a fantasy?
I can't believe that love's got me
And you gave me a love I, a love I can't believeHeaven must have sent you
'Cause God knows there's a lot of things
I've been through
That's why I'm here with youBecause you know just what to do
And pain and hurt
Could never be part of you
That 's why I do love youMy love for you that's in me
Always will be reality
Your love for me that's in you
Always will be the love I needI can't believe that you're here with me
Was it meant to be, is this a fantasy?
I can't believe that love's got me
And you gave me a love I, a love I can't believeI can't believe that you're here with me
Was it meant to be, is this a fantasy?
I can't believe that love's got me
And you gave me a love I, a love I can't believeMy love for you that's in me
Always will be reality
Your love for me that's in you
Always will be the love I needI can't believe that you're here with me
Was it meant to be, is this a fantasy?
I can't believe that love's got me
And you gave me a love I, a love I can't believeI can't believe that you're here with me
Was it meant to be, is this a fantasy?
I can't believe that love's got me
And you gave me a love I, a love I can't believeI can't believe that you're here with me
Was it meant to be, is this a fantasy?

I can't believe that love's got me
