

Ascend to the Throne (feat. Bãlint Csongor)

Orient Fall

"So, I love you because the entire universe conspired to help me find you!"

Through my endless journey I saw thousand dying souls bleed to death in grime.

Watching the sky underneath the sun that never ignites! I will not abdicate my kingdom, I will produce my relief!

A spiritual enlightenment of constructing the harmony of self:

"Let the control flow, exposed hearts together will ascend to the throne!" Let the thousand knives inside your
mind

"If I am really a part of your dreams,

You'll come back and I'll come back one day."

When did our story begin and when will it end tonight?

Everything you have ever asked: the answer is our fate.

The fate of no disguise, an enlightened mind towards the great old skies,
until my final breath of ascending to our thrones!

ASCENDING TO OUR THRONES! Everything tells me that I am about to make a wrong decision, but making
mistakes is just part of life.

What does the world want of me? Does it want me to take no risks, to go back to where I came from because I
didn't have the courage to say "yes" to life?

If I am really a part of this dream, I'll come back one day and you'll accept it. Until you make the unconscious
conscious, it will direct your life and you will call it fate."
