LOVE SO PURE

PUFFY

Was his from the moment we 1st met
From a solo to duet, it took no time
Call it fate or just two hearts magnetized
That I never felt so high since he's been mine

Because our love's so pure
Yes our love's so sure
The kind of love you hold so tight
Because our love's so pure
Yes our love's so sure
The kind of love to last a girl for life

With a kiss, I can't resist or turn away
All I want is him to stay in paridise
Without a love, I'm nothing
Heard me say so much
With a look or silient touch
I know we'll be alright

Because our love's so pure
Yes our love's so sure
The kind of love you hold so tight
Because our love's so pure
Yes our love's so sure
The kind of love to last a girl for life

Because our love's so pure
Yes our love's so sure
The kind of love you hold so tight
Because our love's so pure
Yes our love's so sure
The kind of love to last a girl for life

Because our love's so pure
Yes our love's so sure
The kind of love you hold so tight

For life!

Love so pure...love so pure...love so sure
