

Houdini

Foster the People

Rise above, gonna start the war!
Oh, what you want, what you need
What'd you come here for?
Well, an eye for an eye and an 'f' for fight
Taking me down as the prisoners riot Yeah yeah Got shackles on, my words are tied
Fear can make you compromise
Lights turned up, it's hard to hide
Sometimes I want to disappear When I feel kinda bad and don't want stress
Just pass it off on ability
Well you got what you want, what you never knew
Perfect gift from me to you Yeah yeah yeah Got shackles on, my words are tied
Fear can make you compromise
With the lights turned up, it's hard to hide
Sometimes I want to disappear (Raise up to your ability)
You never knew that I could find
What could come when we realize
I don't want to compromise (Raise up to your ability)
Yeah I'm scared but I'll disappear
Running around cause I'm filled with fear
Nothing good cause my life's a wreck (Raise up to your ability)
I know that you wanna
Throw me into the Sea
For my ability (Raise up to your ability)
Yeah I'm undecided
Yeah just want to leave you
I don't wanna run away You gotta focus on your ability
Focus on your ability
You gotta focus on your ability
Focus on your ability
Then they can't get what they want to steal
Can't get what they want to steal
Then they can't get what they want to steal
Can't get what they want to steal
