

# TOGETHER (feat. AlunaGeorge & GoldLink)

## KAYTRANADA

[AlunaGeorge]

It sad to let it go

Let it fall the way you never ?

It seems so much more so intense

So you'll never find a way to forgive, to forget, to be unconditional, noWe don't have to fight, no more

This isn't the time to be ? on the floor

We just have to walk thru' that door together

We don't have to fight, no more

This isn't the time to be ? on the floor

We just have to walk thru' that door together

We don't have to fight, no more

This isn't the time to be ? on the floor

We just have to walk thru' that door together[GoldLink]

Yeah

Post that green at the mama house

Getting their money, money they're ording you re mama house

My money for the mama she clean for her future spouse

I love the things that I do when your mama blow

I'll make the baby daddy ain't daddy grown enough

I'll watch my baby grow up alone in her mama house

I'll be too busy writing this rimes I never like

That rimes are ? harder and harder

We just have to walk thru' that door together

We don't have to fight, no more
