Boat in the Ocean

Ben Becker

I'm holding on to every word she says
And when she speaks I instantly lose my breath
If I had a dollar for every time she crossed my mind
Then I could pay for surgery to remove these butterflies

It's Like I'm am the boat and she is the ocean
Taking me where she wants to go
Begging for land but she keeps going (Chores)
Drifting wherever the wind blows
Oh it's like a boat in the ocean, yeah

My doors always on the floor
She's always closing in (closing in)
Her eyes are bluer than the water
That my toes are in (that my toes are in)
We both know I'll probably sink and have to swim for it
Oh but I'll just patch my holes and start to sail again

(Chores)

Oh she's my ocean I'll keep floating
Where she wants to be (wants to be)
She's my ocean I'll keep floating (keep floating)
As long as she's here with me
Woah!

I am the boat and she is the ocean
She's taking me where she wants to go
Begging for land but she keeps going
Drifting wherever the wind blows

(Chores)

She's my ocean
