

D.O.E. (feat. Jef Fortin)

Irish Moutarde

He, by the bar, looking at me with deep blue eyes
Oh what a feek, how could I turn him down?
My mind's not clear, already drank a bunch of pints
Oh what the hell, I'm outta townHe's waiting for me to buy him a drink
Still got some money but should I go through?
Well it looks like we are in sync
There might be chemistry so I could add a fewShould I leave or should I stay, and live as there's no tomorrow
Temptation or not only my heart should knowHow can I be sure if he's worth it?
Right here right now there's a burning fire
But there's my man waiting at home
Can I handle my desire?Should I leave or should I stay, and live as there's no tomorrow
Temptation or not only my heart should knowMy conscience is killing me (Carpe Diem)
My conscience is killing me (Carpe Diem)
My conscience is killing me (Carpe Diem)
My conscience is killing me (Carpe Diem)Should I leave or should I stay, and live as there's no tomorrow
Temptation or not only my heart should knowShould I leave or should I stay, and live as there's no tomorrow
Temptation or not only my heart should know
