Love Is Enough

Citizen Swing

They say some things are meant to be
Would you believe? Would you agree?
You know, just like the sunrise
So many things I want to say
So many times at words I failed
Where to begin today?
I could never tell you how I feel
And what you mean to me
So I'm going to sing this song to you
After all that we've been through
Still believe in me and you
Simple words I want to say to you
Love is enough
There was a time when I was lost
I was afraid of all the cost of being alone
But you stayed beside me
You took away the dark and rainy days
You're an angel sent my way
So I'm going to sing this song to you

After all that we've been through
Still believe in me and you
Simple words I want to say to you
After all that we've been through
Still believe in me and you
Simple words I want to say to you
Love is enough
After all that we've been through
Still believe in me and you
Simple words I want to say to you
After all that we've been through
Still believe in me and you
Simple words I want to say to you
After all that we've been through
Still believe in me and you
Simple words I want to say to you
Love is enough
Your love is enough
Your love is enough
