Insignificance

The M.S.P.

All in all, it's no one's fault
Excuses turn to carbon walls
Blame it all on chemical intercourseThe swallowed seeds of arrogance
Breeding in the thoughts of ten
Thousand fools who fight irrelevanceThe full moon is dead skin
The one down here's wearing thin
So set up the ten pins
As the human tide rolls in
Like a ball that's spinningBombs dropping down
Overhead, underground
It's instilled, to wanna live
Bombs dropping down
Please forgive our hometown
In our insignificanceTurn the jukebox up, he said
Dancing in irreverence
Play C-3, let the song protestThe plates begin to shift
Perfect lefts come rolling in
I was alone and far away
When I heard the band start playing
On the lip, late take offBombs dropping down
Overhead, underground
It's instilled, to wanna live
Bombs dropping down
Please forgive our hometown
In our insignificanceFeel like resonance of distance
In the blood, the iron liesIt's instilled, to wanna live
Bombs dropping down
Please forgive our hometown
In our insignificance
In our insignificance
