

# Not Home

[Stephen Lynch](#)

You say that's you're leaving but just for a day  
The company wants you to fly to LA  
So you leave me alone and i sit and i say  
What will i do today  
Today while you're away  
I wil...  
Sniff all your underwear

Dress in your clothes  
Pleasure myself inside your pantyhose  
I know it's not easy  
To leave me alone  
But it's more fun  
When you're not home  
Yeah it's more fun when you're not home
