Slow Motion

J Metro

Why you gotta be
So... Selfish
Like this relationship is only you
You drive my heart, yeah
So... Reckless
Check this, respect this
The best thing I can do for you
Is leave you, leave you
The best thing I can do for you
Is leave you
Before I slap the shit outta you in Slow MotionSlap the shit outta you in slow motion
Slap the shit outta you in slow motion
Slap the shit outta youWhy you so, why you so disrespectful
Why is it always the highest level
I'm just trying to be helpful
I thought we'd be special
But you are so, you are so
You are so complicated, Oh
The best thing I can do for you
Is leave you, leave you
The only thing left to do for you
Is leave you, yeah
Before I slap the shit outta you in Slow MotionSlap the shit outta you in slow motion
Slap the shit outta you, yeah
Slap the shit outta you, you , you, you, you
