

# Love Drunk

## Max & Bianca

I can't name ten things I like about you  
But there's three things I just can't live without  
I know this ride is heading for disaster  
But you can't choose who you love We both know that something's wrong  
We've been like this for so long And for what it's worth  
I'll be your lovers curse  
Falling down again  
But my heart can't see the end It's banging like a big drum  
Feeling like I'm love drunk  
Let me go  
Oh oowoah oh oh  
It's banging like a big drum  
Feeling like I'm love drunk here we go  
Oh oowoah oh oh  
Can't let you go It feels like a prison it feels like a mission to please you  
And I never have the words to bail me out  
You're always misreading all of my intentions  
But you can't choose who you love We both know that something's wrong  
We've been like this for so long And for what it's worth  
I'll be your lovers curse  
Falling down again  
But my heart can't see the end It's banging like a big drum  
Feeling like I'm love drunk  
Let me go  
Oh oowoah oh oh  
It's banging like a big drum  
Feeling like I'm love drunk  
here we go  
Oh oowoah oh oh  
Can't let you go Ohhhh Ohhhh  
Can't let you go  
Ohhhh Ohhhh And for what it's worth  
I'll be your lovers curse  
I keep falling down  
But I just can't let you go It's banging like a big drum  
Feeling like I'm love drunk  
Let me go  
Oh oowoah oh oh  
It's banging like a big drum

Feeling like I'm love drunk here we go  
Oh oowoah oh oh  
Can't let you go Banging like a big drum feeling like I'm love drunk  
Oh ohhh oh oh oh oh  
Banging like a big drum feeling like I'm love drunk  
Oh ohhh oh oh But you can't choose who you love
