

I Feel Good All Over

The Dukays

The night we met I often remember
Two strangers meeting for the very first time
Now, here we are facing each other
Two lovers holding on to something real
Something so meaningful
If you wanna know how I feel

I feel good
Baby, I feel good all over
You and I have one another dreams
Above all we're finally where you are

Say no more your expressions shows it
I see a little sunshine inside of you
Just to be with you its so exciting
Who would've thought it could happen to me
It's no secret we're in love even a little child can see

I feel good
Baby, I feel good all over
You and I have one another dreams
Above all you know

I been to many places, I've seen lots of faces
Thought I knew just about everything everything there is to know
You can never cease to amaze me the main reason I live is because

I feel good
Baby, I feel good all over
I feel good, I feel good
Baby, I feel good all over
I feel good, I feel good
Baby, I feel good all over

Want you to know
[Incomprehensible]
I want to say
I feel good, I feel good
Can't you see I feel good all over?

Sweet things just say to me
Oh, I love it, love it
I feel good
Can't you see I feel good all over?
