

Doing It All for You (Live St. Louis 1982)

UFO

Lights turn red to green
I haven't been spotted or seen
Four more blocks and I'm safe
Make it clean without a chase There's something special, certain feeling
I can't blow this one for sure
I've been nervous, anxious and edgy
This one's the last one, there'll be no more But all I've got to do tonight
Take the car and meet the man downtown
It's easy, darling, working away
Before the word's got around And I'll do it all for you, oh yes, I will
This time I'm coming through, oh yeah I said, "I'm burning, I been rolling
This car's turned up to make it fly
Don't worry, darling, just get ready
Tonight we're gonna be going out in style" If anyone comes calling around
Don't answer 'cause you're my alibi
So just trust me, kiss me and love me
Chasing the golden mile And I'll do it all for you, oh yes, I will
This time I'm coming through I'll do it all for you, I will
This time I'm coming through, oh yeah
Do it all for you, yes, I will
This time I'm coming through
Coming through, coming through
