

I'm a Winner

Twista

I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out, the girls moan When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out Shorty when I saw your body
You was killin' everything in the party
Steady trippin' while I'm sippin' on Bacardi
Look at the fatty on the cute lil' hottie Let me whisper in your ear like Ying Yang
Let a nigga get a shot like King James
I hit it from the back and be the best
When it come to sex a motherfucker got a mean name First I pull up in a Rolls
Then I get you up out them clothes
Strike a motherfuckin' pose
Then I hit you in the hole with the soul pole Do you like the way I suck them titties
Do you like it when you in my city
Do you like it when you giggle with the Twista
When I get you in the bed hoes be on flip When I get you in the room I'ma, make you moan
When I get you on the couch I'ma, make you moan
Once I get you in the telly I'ma, make you moan
I don't make you say ouch I'ma, make you moan When I get you in the Bentley I'ma, make you moan
When I get you in the Benz I'ma, make you moan
You be tellin' all your friends how I, make you moan When I hit it from the back I'ma, make you moan
When I hit it from the side I'ma, make you moan
When I hit it from the front I'ma, make you moan
If you fin' to take a ride I'ma, make you moan If you suck my dick I'ma, make you moan
If I lick yo' clit I'ma, make you moan
If I hit it like this I'ma, make you moan
If you fuckin' with the Twista girl you know that I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
I'ma winner, I'ma winner
I'ma winner, I'ma winner

I'ma winner in bed
When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out, the girls moan
When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out
Girl, I bet you got a heart of fire
You make me wanna start a fire
Dish me the ass like Nash
I'ma go to the hole like Stoudamire
Fill it up if I'ma take it to the cup
If you feelin' freaky take it in the butt
If you really wanna do somethin'
Come an' deep throat me gul and take it to the nuts
I like the way you walk in Capris
You put a hurtin' on all these fe's
Thick fat ass, make a nigga
Wanna come up out the pocket with all these G's
When I tap it I can make you whine
When I tap it I can make you zone
When I tap it I can make you cry
If you want to I can take you home
When I get you in the room I'ma, make you moan
When I get you on the couch I'ma, make you moan
Once I get you in the telly I'ma, make you moan
I don't make you say ouch I'ma, make you moan
When I get you in the Bentley I'ma, make you moan
When I get you in the Benz I'ma, make you moan
You be tellin' all your friends how I, make you moan
When I hit it from the back I'ma, make you moan
When I hit it from the side I'ma, make you moan
When I hit it from the front I'ma, make you moan
If you fin' to take a ride I'ma, make you moan
If you suck my dick I'ma, make you moan
If I lick yo' clit I'ma, make you moan
If I hit it like this I'ma, make you moan
If you fuckin' with the Twista girl you know that
I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out, the girls moan
When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out
I like when you make that sound
I like how you take that down
I love the way you hit it a lil' bit harder
The way you make that frown
I like it when you backin' it up on me
I like the way you ride it like a pony

I like the way you drippin' it for daddy
Come and trickle it up on my homey I like it when you trippin' in the club
When you sip a little bub feelin' good wit'cha homegirls
It's all the way queens dress nice
You be stricken off the ice, you can look but don't touch I can make you feel good
When I'm freakin' on yo' body and I get up in the womb
I'ma always love
Bringin' pressure to a girl 'til I get up in the tomb When I get you in the room I'ma, make you moan
When I get you on the couch I'ma, make you moan
Once I get you in the telly I'ma, make you moan
I don't make you say ouch I'ma, make you moan When I get you in the Bentley I'ma, make you moan
When I get you in the Benz I'ma, make you moan
You be tellin' all your friends how I, make you moan When I hit it from the back I'ma, make you moan
When I hit it from the side I'ma, make you moan
When I hit it from the front I'ma, make you moan
If you fin' to take a ride I'ma, make you moan If you suck my dick I'ma, make you moan
If I lick yo' clit I'ma, make you moan
If I hit it like this I'ma, make you moan
If you fuckin' with the Twista girl you know that I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out, the girls moan When I get you in the bed, I'ma break 'em off
Off a shot off Patron-ah, all night long
Takin' yo' clothes off, when I get you home
When I pull the thang out I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed
I'ma winner, I'ma winner
I'ma winner, I'ma winner
I'ma winner in bed Make you moan
All night long
