

Shake

Brokencyde

(We shake, shake, shake)
Everybody in the club
Let's Go! Oh yeah, we too legit
Booty shaking to the mix Call me Se7en, after six
You know ask a chick Don't stop!
Let it go
Let me see the tootsie roll On the top, On the floo'
Better let yo mama know [Chorus]
We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Better let yo mama know We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Everybody in the club, LET'S GO! We'll get this party pumping
Girl, we can do it right
Let's get this party jumping
We'll party through the night We got the speakers bumping
We gotta slip n'slide
Let's get this party jumping
Until the morning light Don't stop
Let's get wet
Cameras flashing
On the set Rock stars
In your dreams
Flashy cars
Limosine Kiddies with the polkadots
Come on baby
Don't you stop On the top, On the floo'
Better let your mama know [Chorus]
We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Better let yo mama know We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Everybody in the club, LET'S GO! We'll get this party pumping
Girl, we can do it right
Let's get this party jumping

We'll party through the night We got the speakers bumping
We gotta slip n'slide
Let's get this party jumping
Until the morning light SHAKE! [x4][Chorus]
We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Better let yo mama know We shake, shake, shake, skake
We shake, shake, shake, skake
We shake, shake, shake, skake
Everybody in the club, LET'S GO! We'll get this party pumping
Girl, we can do it right
Let's get this party jumping
We'll party through the night We got the speakers bumping
We gotta slip n'slide
Let's get this party jumping
Until the morning light
