

Boom Boom

Fannypack

Booty up
Booty down
Work that booty all around
Put it in
Pull it out
Show me what you're all about
Handle this
Handle that
Partying is where its at
Handle that
Handle this
We make hits and never miss Work it hard
Hardly work
Gotta make that booty jerk
Just say yes
Just say no
Move your body to and fro
Keep it good
Keep it tight
Keep it going through the night
Me and you
You and me
We can do it constantly Over here
Over there
Make the people stop and stare
This is right
This is wrong
People bouncin to this song
Go Crazy
Get freaky
Boys and girls dont be sneaky
Big attack
Never wack
These here girls are Fannypack
