Crash & Burn (Acoustic)

[Darling Parade](#)

What goes around comes back around,
when you least expect it,
You dug this hole, now dig it out,
cause you just got rejected.You had me right where you wanted me,
Thought you knew me better,
better than I ever.
Woah, Woah,Can't stop it now,
the lines are falling down,
and now they're coming after you,
to take you down, take you down.
Your gonna hit the bottom,
oh-ah-woah-oo-woah
Watch and Learn,
Wo-ah-oh,
Your gonna crash and burn when you hit the bottom.
One by one your counted out,
left to live in disconnection
and after all you've said and done,
no ones gonna listen.You had me right where you wanted me,
Thought you knew me better,
better than I ever.
Woah, Woah,
Can't stop it now,
the lines are falling down,
and now they're coming after you,
to take you down, take you down.
Your gonna hit the bottom,
oh-ah-woah-oo-woah
Watch and Learn,
Wo-ah-oh,
Your gonna crash and burn when you hit the bottom.
The waters rushing in and you should try to save yourself,
from this disaster that your after,
but you just can't win.Can't stop it now,
the lines are falling down,
and now they're coming after you,
to take you down, take you down.
Your gonna hit the bottom,
oh-ah-woah-oo-woah

Watch and Learn,

Wo-ah-oh,

Your gonna crash and burn when you hit the bottom. When you hit the bottom.
