[verse 1]

i haven't seen you in a while
you know i miss your sexy smile
remember the times we would take long walks
i took your hand and we would just talk
think of me darling when im not there
think of the moments we would share
let me know everythings okay
and to do so this is what i'd say

[chorus]2x

write me a letter
and put your picture in it to
tell me you love me
and when you miss me you know what to do(oh yea)

[rap]

write me a letter, searching every day
you put your name on your picture, send it on your way
so i can hang it like a poster, see it every day
there aint no way i can miss yea
no way ahh no way
write me a letter, searching every day
you put your name on your picture, send it on your way
so i can hang it like a poster, see it every day
there aint no way i can miss yea
no way ahh no way

[chorus]2x

write me a letter
and put your picture in it to
tell me you love me
and when you miss me you know what to do

[verse 2]

i miss your smile,
when i see you i'll kiss you all day.

when your in my arms
you do what i tell you
make love all night long
until the morning comes.
squeezing so tight
im gonna rub you down to make the moon rise

[chorus]2x
write me a letter
and put your picture in it to
tell me you love me
and when you miss me you know what to do(all yea)

5x(fade off)
