

# Dark Signs

## In Flames

Held down, strangled and abused  
Cut down to half a member  
Left with his hand tied  
Everything points in the wrong directionAll the joy disappeared  
The negative has penetrated  
Once he was in control  
What's left, the faintest laughterWe're out of focus, we've lost control  
I blame our ego and you call me namesYou're told that you are trapped below  
And dark signs helped to prove  
You gotta reach further  
For what life shall provideFeeling pressure from the fold  
He believes the dream is over  
Drained blue eye, scorching fire  
The whole meaning becomes undoneWe're out of focus, we've lost control  
I blame our ego and you call me namesYou're told that you are trapped below  
And dark signs helped to prove  
You gotta reach further  
For what life shall provideWe're out of focus, we've lost control  
I blame our ego and you call me namesYou're told that you are trapped below  
And dark signs helped to prove  
You gotta reach further  
For what life shall provide
