One World

Nikki Leonti

I see them try to hide their pain and loneliness inside
Deep inside the heart is hurting, there's a void inside their lives
And that hole can only be filled by the love of Jesus Christ
You know what you've gotta do, God's countin' on youCHORUS
Our world will be one world with Jesus Christ
Our world will be one world with Him in our lives
So let's tell someone about His love
And together we'll stand, together we'll be united in Him eternallyI know that you are longing for a Savior in your life
Your heart is so empty you're cryin' on the inside
That hope can only be filled by the love of Jesus Christ
You know what you've gotta do, God's countin' on youCHORUSBRIDGE
Take the message to the streets
Take it to every tribe and nation
'Cause the love of Jesus is a mighty treasure
If we believe in him
And the promise of forever
We'll all be as oneCHORUS
