Right Here In Your Arms

Tammy Wynette

Love has come our way before
But this time I am sure we just can't go wrong
'Cause love has never felt so real
The way you've made me feel right here in your armsWhen I look into your eyes I still can see that far
We both thought it was goneWhat's left over I'll make it right here in your arms'Cause in your arms is right where I belong
Loving you forever from now on
One more chance is all we need
'Cause I know love will be right here in your arms
