

I'll Be The One

Dru Hill

I'll be the one
I'll be the one
I heard a rumor theres a vacancy
Somebody said he put you down
Seems he found pleasure in some other girl
Baby he's doggin' you around
So now your looking for a special guy
Someone that you can call your boo
A man that cares about your feelings girl
A man to just be good to you
I'll be the one making you feel alright
I'll be the one doing the things you like
I'll be the one keeping you up at night
I'll be the lover in your life
I'll be the one your gonna wanna call
I'll be the one making you climb the wall
I'll be the one don't have you begging me
I'll be the one, the one you need
You gave him seven years of your life
To think about it makes you cry
Why don't you come with me I'll make it right
Let's bump this nigga out of your mind
Let's take a ride baby no special place
Somewhere where we can be alone
Take off the clothes and let our feeling flow
I wanna groove you all night long
I'll be the one making you feel alright
I'll be the one doing the things you like
I'll be the one keeping you up at night
I'll be the lover in your life
I'll be the one your gonna wanna call
I'll be the one making you climb the wall
I'll be the one don't have you begging me
I'll be the one, the one you need
Here's a thing you should know about me
Jazz is the man when it comes to ladies
I know what I want baby I'm keeping it real
Ain't no him now that you're here with me
That's the way that it's gotta be

If you're down then be down
Don't be playing with my heart, oh no
I'll be the one making you feel alright
I'll be the one doing the things you like
I'll be the one keeping you up at night
I'll be the lover in your life
I'll be the one your gonna wanna call
I'll be the one making you climb the wall
I'll be the one don't have you begging me
I'll be the one, the one you need
I'll be the one
