

# Fathom

Mich Gerber

What should I care  
If I should drown  
Deep in the sea  
There is no one but me

Open my eyes  
No stars, no sky  
Nothing to fear  
Now I know why I'm here

\*Chorus\*

Fathom sinking so much deeper  
feeling so much better  
Drinking in the air  
Dreaming that I'm only sleeping  
Floating down and thinking  
it's so much better here

\*Chorus\*

I am alive  
Far from the sun  
Lost in your (?)  
I give myself to you

(?)

Now I know love  
Nowhere to be  
It's been so long, I'm free

Chorus x2
