Run For Your Life

Elephant Man

Hey what's that in the alley with a knife in her hand
I think it's that girl from the autograph stand
She looks kind of sad, does she understand
That we're only doin' our job
Tryin' to make her happy when we play these songs
But now the show's over, she's comin' over
With a knife above her shoulder
I told ya, I told ya, I told ya, I told ya

Run for your life
You'll wish you had when se
Cuts you with a knife
And leaves you
Laying on the sidewalk
With your
Heart in your hand

If you see a girl with a knife
Riding on your bus with my name
Written on her face don't make a fuss
Don't rush take time this girl's dangerous
To guys like me who are on TV
Canadian celebrities can hardly believe
That you're going to act weird when you see 'em on the street
If you've seen what I've then you're better to believe, to believe me

Run for your life
You'll wish you had when se
Cuts you with a knife
And leaves you
Laying on the sidewalk
With your
Heart in your hand

(Talking)
Hey Jarvis, could you sign this for me, please?
Yeah, sure, no problem
Make it up for Sarah
Ok
Oh my god, I can't believe I'm actually talking to you, wow

Did you liked the show?
I loved the show
Actually, I know every thing about you, I know where you live
Ya
And you phone number, and I like to watch you at night and
What?
Actually hem,

I like drive by, where you live at
I never stop though 'cause your wife is always home
And I know if she were to look into my eyes she would see that
We are in love, yes we are in love
(Someone call the security)
Did you get that package I sent you?

Run for your life
You'll wish you had when se
Cuts you with a knife
And leaves you
Laying on the sidewalk
With your
Heart in your hand

Run for your life, you'll be lying in the sidewalk, with your hand in your hand
