Think Of Me

Rosi Golan

When you hear it but you just don't listen
When you're looking but you just don't see
When you're thinking there's no rhyme or reason
Think of me, think of meWhen you're getting to the end of a hard day
And you're thinking it's a long way home
When you're thinking that you're just plain crazy
'Cause you're on your own, think of meI will find you, I promise
I will make you believe
That I'm in this crazy love for the long haul
So think of me, think of meWhen you're laying on my favorite pillow
All you wanna do is fall asleep
When you're gazing out the bedroom window
Do you think of me, Think of meWhen you're driving down an empty highway
You're surrounded by the sky and sea
When you're seeing such a thing of beauty
Do you think of me? Think of meI will find you, I promise
I will make you believe
That I'm in this crazy love for the long haul
So think of me, think of me'Cause if I make you a promise
That's a promise that I keep
And I'm in this crazy love for the long haul
So think of me, think of meAnd I'll be home soon, I'll be home soon
I'll be home soon, home to you
'Cause if I make you a promise
That's a promise that I keepAnd I'm in this crazy love for the long haul
So think of me, think of me
'Cause if I make you a promise
That's a promise that I keepAnd I'm in this crazy love for the long haul
So think of me think of me
