

# Everybody

Tommy Roe

Everybody, everybody, everybody's, had a broken heart now

Everybody, everybody, everybody's, had the blues  
Everybody, everybody, everybody's, blue when they're  
lonesome

Everybody, everybody, everybody's, had the blues  
One time or other everybody listen to me, you lose somebody  
you love

But that's no reason for you to break down and cry  
I said a hey, everybody, everybody, everybody's, had a  
lonely moment

Everybody, everybody, everybody's, had the blues  
One time or other everybody listen to me, you lose somebody  
you love

That's no reason for you to break down and cry  
I said a hey, everybody, everybody, everybody's, had a lonely  
moment

Everybody, everybody, everybody's, had the blues  
I said a hey, everybody, everybody  
Everybody's, blue when they're lonesome  
Everybody, everybody, everybody's, had the blues
