

So In Love With You

Planetshakers

God I've found in you
everything I was searching for
and you've given me
what I needed and so much more

so i'm giving every
part of me to You
won't You take my life
I'm living it for you

Jesus i'll live for You
In everything I do
and when You call
my name
I just can't help but
sing Your praises

I'll give You all my praise
I'll serve You all my days
Gonna let the whole world know
That Jesus I am
so in love with you
with you..

God I've found in you
everything I was searching for
and you've given me
what I needed and so much more

so i'm giving every
part of me to You
won't You take my life
I'm living it for you

Jesus i'll live for You
In everything I do
and when You call
my name
I just can't help but

sing Your praises

I'll give You all my praise
I'll serve You all my days
Gonna let the whole world know
That Jesus I am
so in love with you
with you..

everyday it's You I live for
Gonna serve You all my days
every step I take
You're with me JESUS
You're the Only Way
(repeat 2x)

Jesus i'll live for You
In everything I do
and when You call
my name
I just can't help but
sing Your praises

I'll give You all my praise
I'll serve You all my days
Gonna let the whole world know
That Jesus I am
so in love with you

Jesus i'll live for You
In everything I do
and when You call
my name
I just can't help but
sing Your praises

I'll give You all my praise
I'll serve You all my days
Gonna let the whole world know
That Jesus I am
so in love with you
