

I.M.E.

Halloween

I should not this
I must not that
No matter how I act
I must regretIts not me
Its not me
I got to play
What others sayI got to turn it down
When I feel great
Thats not me
Its not meI am me
Who do you think you are
To tell me what to be?I am me
No matter what you say
Today I keep my way
I am meYou make me sick
You make me choke
For me your way of life
Is just a jokeIts not me
Its not me
I got a face
I got a nameWhatever you perceive
Is not the same
That I see
Its not meI am me
Who do you think you are
To tell me what to be?I am me
No matter what you say
Today I keep my way
I am meI got to change this
To rearrange this
Start writing onto my own pagesIts just me
Its just me
Its just meI am me
Who do you think you are
To tell me what to be?I am me
No matter what you say
Today I keep my way
I am meHow grave you think you are
To tell me what to be?I am me

You better creep away
Today Im on my way
I am me
