

Why (feat. Nate Salman)

Les Sins

Why you wanna go and do that?
Why you wanna go and do that?
Why you wanna go and do that?
Get you back, get you back
Get you back, get you back
Get you back, get you back
Why do you wanna go there?
Tell me you need me here
Why do you wanna go there?
Tell me you need me here
Want you back in my life
Can you take it back, back to when we didn't have it all
Seem to phase it out, still the problem's solved
Can you take it back, back to when we didn't have it all
Seem to phase it out, still the problem's solved
Why you wanna go and do that?
Why you wanna go and do that?
Why you wanna go and do that?
Why do you wanna go there?
Tell me you need me here
Why do you wanna go there?
Tell me you need me here
Want you back in my life
Why do you wanna go there?
Tell me you need me here
Why do you wanna go there?
Tell me you need me here
Want you back in my life
You wanna go there, you wanna go
You wanna go there, you wanna go
You wanna go there, you wanna go there
You wanna go there, you wanna go there
You wanna go there, you wanna go
You wanna go there, you wanna go
You wanna go there, you wanna go
You wanna go there, you wanna go there
You wanna go there, you wanna go there
